

Technical Bulletin

Model
911C2/C4/t

Group
9

Subject: Taillights, New Version

Part Identifier
9431

Number
9103

ATTENTION: Service Manager/Service Technician

Models Affected: *911 Carrera 2/4 and 911 turbo*

Concern: New version taillights, center reflector and seals.

Vehicle Information: New version taillights and center reflector with new type seals are installed from Production date: October 15, 1990

Taillight upper and lower seals and center reflector lower seal is eliminated.

Once existing stocks of the former version taillight and center reflectors are exhausted, only the new version will be available. When repairing vehicles with production date prior to October 15, 1990 with the new version taillight and center reflector, install former version rubber seals.

On cars manufactured after the October 15, 1990 production date, install only the end seals.
